

ASSOCIATE OF ARTS DEGREE

Psychology Concentration

An Associate Degree is equivalent to the first two years of a four-year university degree. Universities in British Columbia will guarantee 60 transfer credits to holders of an Associate Degree. Students must meet the grade point average (GPA) established by each university for admission. Upon completion, students qualify to apply for a post-graduate work permit in Canada.

Program Overview

- The Associate of Arts Degree in Psychology allows students to build a foundation in the field of psychology and prepared them to pursue a Bachelor's degree in Psychology or a related field.
- Students will learn the history and theories of psychology while developing critical thinking, written and verbal skills that will carry over to various careers and disciplines.
- Students will be able to explore various areas in psychology such as research methods, data analysis as well as social, cognitive, eco, child and biological psychology.

Skills Gained

-  Knowledge of human behaviors and mental processes.
-  Critical thinking, research skills and ability to interpret and analyze data.
-  Professional verbal and written communication.
-  Develop solutions to complex human issues.
-  Interpersonal and intercultural skills.

Accelerated Associate Degree: Tri-mester system

Students benefit from the tri-mester system with intakes in January, May, and September. This means students can take more courses over a 12-month period and can complete an Associate Degree in 16 months or two years.

School System	Semester 1				3-4 week break	Semester 2				3-4 week break	Semester 3				3-4 week break	Semester 4			
	Sept	Oct	Nov	Dec		Jan	Feb	Mar	Apr		May	Jun	Jul	Aug		Sept	Oct	Nov	Dec
Trimester Fast Track: 16 months	4 COURSES					4 COURSES					4 COURSES					4 COURSES			

Students take a minimum of 3 and a maximum of 5 courses per semester.

Students who do not wish to accelerate can complete an Associate Degree in 2 years.
